ISLAND TIME BALI - ONE OF A KIND PRIVATE GUIDED TOURS

Why choose Island Time Bali?

We provide you with a personalised experience with our fantastic local tour guides who are eager to share their knowledge, culture and beauty of the Nusa Islands with you - ensuring you get the maximum value out of your day on **Island Time**. Our tours are private meaning you will not be rushed and ferried around in busses with other tourists.

READY? ▼

First- you'll need to get here!

The trip is approximately 30 minutes by public fast boat from Sanur Harbour. If you are not already based on the islands you will require return transfers via speedboat to partake in any of our tours. **Please note prices for transfers are quoted separately to our tours.**

We recommend that we organise transfers with our preferred boat company on your behalf, including pick up & drop off from your accomodation in Bali. This will ensure your day runs smoothly, and your guide will be waiting on the beach for you at the right time. The boats are large passenger ferries which are extremely safe, comfortable, reliable and spacious.
